Response B

Sir:

In response to the Office Action dated 05-01-2006, please amend the subject application as follows:

Claims 1 and 7 have been amended to define R" as being methyl.

The Examiner 's withdrawal of restriction requirement is gratefully acknowledged.

In view of the rejection of claims 1 and 7 as being indefinite under 35 USC 112, in failing to define R", claims 1 and 7 have been amended to specify that R" is methyl. This is based on Example 11 which shows the preparation of 2,2-{3-(2,3-epoxypropyl)-4-methoxyphenyl} propane. Similarly applicants is submitting a revised page 3 of the specification to reflect the addition of "R" is methyl" in the statement of the invention.
